At Your Door Household Hazardous Waste Collection

Call 1-800-449-7587 For
A Home Pick-Up Today!

Are you looking for information on how to properly dispose of old lawn and garden chemicals, automotive fluids, paints, pesticides and poisons? These are items that you cannot put out with the regular trash, pour down a drain, or dump into the ground out in the backyard. Lebanon County residents may arrange for a home pick-up of household hazardous waste for **ONLY a \$15 Co-Pay!**

If you are an elderly and/or disabled resident and unable to gather the household hazardous waste materials for yourself, the contracted household hazardous waste collector, WM Curbside, LLC, will come into your home and do the work for you! Just make sure to let them know your limitations when calling to schedule your pick-up!

The quantity of material that can be collected per pick-up is limited to the items that can be placed inside the kit/bag. The only exception to any materials being placed outside the kit/bag is: up to 5 fluorescent tubes/bulbs. Fluorescent tubes must be placed in original sheaths and/or taped together.

To schedule a home collection of household hazardous waste, call Lebanon County's Household Hazardous Waste Hotline at **1-800-449-7587**.

DUE TO FUNDING, EVERY LEBANON COUNTY HOUSEHOLD IS LIMITED TO ONE PICK-UP PER YEAR.

The Scoop

Here's the Scoop on Leaf and Yard Waste

Leaf and yard waste is something every homeowner eventually needs to dispose of. Did you know that if you live in a community that is mandated to recycle, that it is illegal to throw leaf and yard waste out with the trash. A waste hauler is not allowed to collect any leaf or yard waste with the trash in a mandated community. By throwing it away with the normal trash we are sending it to a landfill where it is using up unnecessary landfill space meant for trash that cannot be recycled. Leaf and yard waste can be recycled into compost which can be used over and over again as food for the earth. Leaves, grass clippings, branches and garden wastes can be composted into a rich soil additive called humus which naturally fertilizes the soil.

This newsletter will hopefully provide you with valuable information when you are raking those leaves and cleaning up the yard. Inside you will find information on municipal leaf and yard waste collection programs that exist in Lebanon County. If your Township or Borough is not listed in this newsletter, then it does not have a program for leaf or yard waste. If your municipality does not have a program, we have provided information below on how to dispose of your leaf and yard waste for a small fee. Just Remember...**COMPOST**... It's Recycled, **NATURALLY!**

Rules for Dropping Off Electronics

See the complete list of acceptable materials above. If it is not on the list, then it is not acceptable.

No assistance will be given to unload. You must be able to unload materials safely and properly. If that requires bringing 2 or 3 individuals along to unload an oversized item, then you must do so.

Individuals and small businesses with 10 or more computers and televisions or pick-up truck loads of mixed electronics must call in advance to schedule a specific time to bring in larger quantities. Larger quantities will not be accepted and will be turned away unless an appointment has been scheduled first through the County Recycling Coordinator. Please contact the County Recycling Coordinator at 867-5790 Extension 307 to schedule an appointment.
